# ANNUAL REPORT

of the Medical Officer of Health for the year 1962

---

TO THE CHAIRMAN AND MEMBERS OF THE  
ARNOLD URBAN DISTRICT COUNCIL

1963.

Mr. Chairman, Madam and Gentlemen,

Herewith my Annual Report for 1962.

The health of the community's citizens appears to be reasonable by the usual criteria. There were no major outbreaks of infectious disease during the year.

The chronic preventable diseases, it will be noted, still take their toll. These are bronchitis, lung cancer and coronary disease. The first of these will decrease when we are able to set about establishing clean air zones.

The trends noted in other years continue in that there is no tendency for infectious diseases to increase, even food poisoning and dysentery cases were few in this year and there was a welcome near absence of swallowed infections amongst children. Tuberculosis continues to decline and to show a high rate of recovery. Nevertheless, the disease is still with us, and we have no right to complacency when ten new cases were added to the register in the year.

During this year an outbreak of smallpox occurred in Bradford which had an unusually poor vaccination rate (1.0%). At the time of the outbreak 63% of Arnold children under 15 had been vaccinated against the disease. Nevertheless, there was a considerable demand for vaccination and re-vaccination from parents. We were able always to meet the demand because of pre-existing arrangements. A much better way is for parents to keep childrens' vaccination state always up to date.

The absence of such formerly deadly infections as smallpox and diphtheria is due to constant vigilance and attention to routine procedures which are not liked by the romantic; there is only one bit of glamour in them in the satisfaction the older ones amongst us feel when we think of the old callously indifferent days.

H. D. H. ROBINSON,  
*Medical Officer of Health*

## Infectious Diseases

There have been no major outbreaks of infectious disease during the year.

## Tuberculosis

Decrease in the incidence of tuberculosis is disappointingly slow. Preventive measures undertaken are:

- (a) by the County Council and Hospital Services.
  1. Case finding and treatment to make cases of the disease non-infectious.
  2. Contact tracing and examination.
  3. Inoculation with B.C.G. vaccine of non-infected contacts and school children.
  4. Special measures relating to teachers and others in contact with children.
- (b) by the District.
  1. Re-housing and improvement of housing, covering also those slum houses where a part of the house is unoccupied because of dilapidation—where there is in fact overcrowding, though not legally so. Also those instances where potentially active cases of the disease have to share sleeping accommodation. Advances in slum clearance we are now making will show dividends in this respect.

## Immunisation

I am responsible for this service as agent of the County Council. About half of the immunisation is now carried out in Arnold by family doctors, the rest being done in the clinics, schools and factories by the health authority.

The clinic is held as follows:—

Arnot Hill Park—First Friday in each month—2.00 to 4.30 p.m.

Children resident in the Mapperley area are seen at the clinics held at 1a Plains Road.

## **GENERAL PROVISION OF HEALTH SERVICES FOR THE AREA**

### **Laboratory Facilities.**

The Public Health Laboratory, being the laboratory for the Notts Area under the Public Health Laboratory Service of the Medical Research Council, carries out the following examinations:—

Milk :	Phosphatase Test, Methylene Blue Test, Bacteriological, etc.
Ice Cream :	Methylene Blue Test, Grading, etc.
Food :	Bacteriological examination of foodstuffs.
Water :	Bacteriology of water.
Pathological Specimens :	Bacteriology and pathology of swabs, sputa, etc.

The Laboratory carries out many other functions but the above are the main ones the Department is likely to require. The Service is a most excellent one and is available to the Medical Profession.

### **City Analyst's Laboratory.**

Similar examinations to the above are carried out in respect of milk, ice cream and water. The Laboratory is also able to carry out chemical analysis of food. Mr. W. W. Taylor, B.Sc., F.R.I.C., is an official analyst for the purpose of the Food and Drugs Act, 1955.

### **Ambulance Service.**

Two ambulances are stationed at the Arnold Sub-depot and are available for use in the Arnold Urban and surrounding districts. These vehicles are under the direct control of the Notts County Council Ambulance Control, Telephone number 55939.

## **MATERNITY AND CHILD WELFARE SERVICES.**

### **Maternity Services.**

These Services are supplied by the Nottinghamshire County Council.

### **Midwifery Service.**

The services of the following midwives are provided by the Nottinghamshire County Council

Miss E. Greensmith, 11, Cornwall Road, Arnold	..	Nottingham 26-2538
Mrs. M. Benson, 17, Spring Lane, Mapperley	..	Nottingham 26-2197
Miss Straw, 104, Bedale Road,	..	Nottingham 26-3113
Mrs. E. H. Cutts, 12 Clarbrough Drive, Arnold	..	Nottingham 26-8167

## Care of the Unmarried Mother.

Cases under this heading have been dealt with during 1962. Excellent co-operation exists between the Health Staff, the County Almoner Service and the Southwell Diocesan Board of Moral Welfare.

All cases are admitted to hospital in order that all necessary steps can be taken to rehabilitate the mother.

## The Child Welfare Service.

All newly born babies are visited as soon as possible after discharge from the maternity hospital or after the midwife has ceased to attend and advice is given by the Health Visitor. All cases are encouraged to attend the child welfare clinics. At all these clinics medical advice is available.

The following Clinics are held :—

### ARNOT HILL PARK :

Wednesday and Thursday afternoons .. 2—4.30 p.m.

### CAVENDISH STREET CLINIC :

Monday afternoon .. .. 2—4.30 p.m.

### MAPPERLEY (1A, PLAINS ROAD) CLINIC :

Friday afternoon .. .. 2—4.30 p.m.

### CONSULTANT OPHTHALMIC CLINIC—ARNOT HILL PARK.

Alternate Tuesday afternoons .. .. 2—4.30 p.m.

(Appointments made by School Health Service, Fletcher Gate, Nottingham)

CONSULTANT PAEDIATRIC CLINIC appointments made at the County Health Department after reference from the Child Welfare Clinics.

## Supply of Welfare Foods

Various types of welfare foods are available on sale at the clinics and are in great demand by the mothers attending with babies.

These foods, i.e. National Dried Milk, vitamin tablets, codliver oil and orange juice, are available at the following times at the Child Welfare Centre, Arnot Hill Park .—

Monday afternoon ..	..	..	2 p.m. to 5 p.m.
Tuesday afternoon ..	..	..	2 p.m. to 5 p.m.
Wednesday afternoon	..	..	2 p.m. to 5 p.m.
Thursday afternoon	..	..	2 p.m. to 5 p.m.

Supplies are also available at the Cavendish Street and Mapperley Clinics during the clinic sessions.

## Daily Guardians

The County Council maintains a system of daily guardians for the children of mothers who must go out to work. There is no Day Nursery available. The mother concerned must find the guardian, who receives a small payment from the County Council if approved, the mother having to make her own arrangements for the cost of feeding and attention.

## Home Help Service.

A Home Help Service is provided by the Nottinghamshire County Council. The local organiser is at Park House Clinic, Carlton (24-7151), and can be seen at Arnot Hill Park Clinic on Wednesdays from 12 noon to 2 p.m.

## Nursing in the Home.

Arnold, Woodthorpe and Daybrook District Nursing Association.  
Hon. Sec.: Mrs. E. Lawrence, 259 Mansfield Road, Redhill.

District Nurses are:

Mrs. E. E. Brown, 53 Church Crescent, Daybrook	..	26-8658
Miss D. Carratt, 51 Glanhope Crescent	.. ..	26-2550
Miss I. Morgan, 32 Derry Hill Road, Arnold	.. ..	26-3542
Mrs. C. R. Cocks, 38 Rufford Road, Sherwood	.. ..	69628

## Dental Services—Maternity and Child Welfare

The Dental Service for pre-school children and expectant and nursing mothers is provided by the Nottinghamshire County Council. This service is still inadequate for the children of the district.

## School Health Service.

SCHOOL CLINIC .. every Monday and Thursday morning  
9 a.m.—12.00 noon.

A Medical Officer attends every Monday morning but not on Thursdays. The clinic is held in the premises of the Child Welfare Centre in Arnot Hill Park.

An Ophthalmic consultant conducts a clinic on alternate Tuesday afternoons at Arnot Hill Park Clinic.

## National Assistance Act, 1948, Section 47.

No cases have been dealt with under this heading during the year.

The Welfare Officer for the District for the purposes of this Act is :—

Mr. Brown,  
Office—1a Plains Road, Mapperley.  
Nottingham 66687.

Office hours 9 a.m.—10 a.m. and 4 p.m.—5 p.m.

The Duly Authorised Officer for the Mental Health Service.

# Annual Report of the Chief Public Health Inspector for the year, 1962

---

HEALTH DEPARTMENT,  
ARNOT HILL PARK,  
ARNOLD.

*March, 1963*

TO THE CHAIRMAN AND MEMBERS OF THE COUNCIL,

Mr. Chairman, Madam and Gentlemen,

I have pleasure in presenting this, my 37th Annual Report on the Sanitary Circumstances of your Urban District for the year ending 31st December, 1962.

I have to record my appreciation of the manner in which the Staff and Workmen of the Department have carried out their duties during the year, also the co-operation from the Chief Officers and Staff of other Departments and to thank the Chairman and Members of the Public Health and Housing Committees for their continued confidence and support.

I have the honour to be, Madam and Gentlemen,

Your obedient servant,

F. HARRISON,  
*Chief Public Health Inspector.*  
*Housing Inspector.*

## SANITARY CIRCUMSTANCES OF THE AREA.

### Water Supply

The Corporation of the City of Nottingham is the Water Authority for this Urban District.

A constant supply of drinking water has been available throughout the district during the year.

One sample of drinking water was submitted to the Public Health Laboratory for Bacteriological examination. This was satisfactory.

### Swimming Baths

The Public Baths have been well conducted during the year under the able supervision of the late Mr. J. J. Baker, Baths Superintendent. No complaints were received by the Health Department as to unsatisfactory hygiene conditions.

For the financial year ending 31st March, 1963, the income from all sources was £2,498 (£2,530) with an expenditure of £5,664 (£5,378) leaving a balance of £3,166 charged to the Rate Fund, equivalent to a 2d. Rate.

### Drainage and Sewerage

Foul sewerage from the whole of the built up area of the Urban District is dealt with by the Nottingham Corporation at their disposal works Stoke Bardolph at a cost to this District of £20,622 for the year ending 31st March, 1963.

The cost of maintenance and repairs of sewers within the Urban District for the same period was £19,968 including £16,950 Loan Charges; this figure also includes the Loan Charges on the major storm water scheme now nearing completion.

### Rivers and Streams

There are no Rivers or Canals within the District.

The five tributary streams draining the areas :—

1. Gedling Road and Mapperley confluence via Arno Vale Road and Thackerays Lane.
2. Coppice Road confluence via Bentwell Avenue and Brookfield Road.
3. Kingswell confluence via Nottingham Road Recreation Ground.

4. Calverton Road confluence via Front Street and Nottingham Road.
5. Redhill confluence via Mansfield Road to Jubilee Road.

All converge into the Daybrook which in turn discharges into the River Leen at Bobbers Mill in the City of Nottingham, via the Valley Road Playing Fields.

### **Closet Accommodation**

The position throughout the district generally is in my opinion entirely satisfactory in that a water carriage system operates to the extent of 100 per cent.

No more than 11 Pail Closets remain in outlying parts of the district.

### **Cesspools**

There are approximately 80 cesspools in the outlying parts of the Urban District, on the East, Northeast and Northern boundaries, where public sewers are not available. These are emptied by the Council on request twice a year (Spring and Autumn) at a charge of 30s. 0d. per 800 gallons. An income of £152 was received during the year for emptying cesspools, expenditure £144.

### **Clean Air Act, 1956**

96 observations were carried out by the Department regarding nuisances from smoke.

The air pollution measurement apparatus installed at the Public Library in August, 1959, continues to operate, recordings from this instrument are sent monthly to the Department of Scientific and Industrial Research, Warren Spring Laboratory.

It is hoped to include suitable data on this subject in future reports.

### **Public Cleansing**

A total of 884 man-days were lost during the year as follows: Injury and Sickness 466, Absent 21, Annual Holidays 187, Bank Holidays 210, as compared with 946 days lost in 1961.

The 674 days lost excluding 210 for Bank Holidays is equivalent to 2.59 men off work per week throughout the year.

Trade Refuse and other charges produced an income of £342 compared with £293 in 1961.

## Refuse Disposal

The tipping of house refuse in the disused Railway cutting at Watnall continued throughout the year.

It is anticipated that the Watnall Tip will be completed by the end of March 1963. Further tipping sites are urgently needed, locally if possible to eliminate the time factor on long hauls.

### Slaughterhouses

The following Licensed Slaughterhouse remains in operation:

Messrs. S. Hackett Ltd., 15 Mansfield Road.

These premises have been substantially enlarged, modernised and brought up to the standard prescribed by the Regulations.

### Meat Inspection

This work continues to be a major operation not only in importance but in the amount of time taken up by the technical staff of the Department.

Every effort was made to maintain a 100% examination of carcasses but this meant that other duties of the Department were adversely affected.

During the period 1st Jan. 1962 to 31st December 1962 a total of 1,108 visits were made when a total of 59,100 carcasses were examined as follows:—

Cows	..	..	..	..	..	1,964
Heifers and Bullocks	..	..	..	..	..	8,608
					—	10,572

Pigs	..	..	..	..	..	7,705
Total	..	..	..	..	..	59,100

*Grant.* In accordance with Circular FSH15/58 the total inspection units for animals slaughtered in the district year ending 31st March, 1963 was 211,481 (227,301) the excess units determined by the prescribed formula, regarded as "export meat" producing a grant of £707 as against £778 in the previous year.

### Slaughter of Animals Act, 1958

During the year there were 8 renewal and the issue of 2 new slaughterman's licences.
